

Green Facts & Stats

HORTONWOOD 45

The countdown is on to create a sustainably superior building at Hortonwood 45 for the benefit of future tenants, the environment and the community.

Did you know our landscaping scheme is twice the size of the actual building footprint? That means more than 50% of the site is green with...

16

different varieties
of trees

14

varieties of shrubs

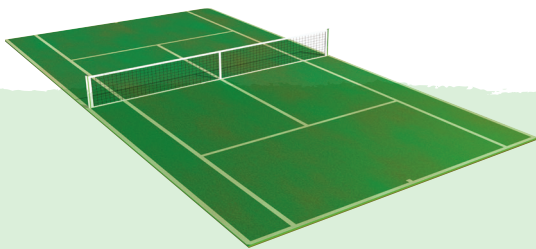

9

varieties of
marginal/aquatics

2

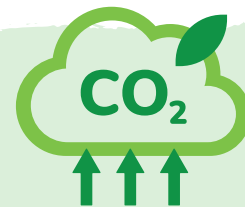

KM of hedges
which provide
homes for wildlife

That's approximately

20,000m²

or 46 tennis courts

Absorbing approximately

920 tonnes

of CO₂ per year
